Platinum Award Guilford County Schools & Guilford Technical Community College

The goal of providing students with challenging, articulated CTP courses of study with multiple postsecondary options has driven a partnership that facilitates a seamless transition between Guilford County Schools, Guilford Technical Community College, local universities, and the business community. The partnership has resulted in an articulated CTP course of study resulting in a 4+2+2 program, the alignment of GCS curricula with national skill standards, the opportunity for students to earn national certifications, and the implementation of a comprehensive career guidance program.

Gold Award Lincoln County Schools & Gaston College

Gaston College and Lincoln County Schools CTP consortium's goal is to prepare students to live and work in a society which has become global while instilling the need for lifelong learning. The collaborative partners strive for higher standards and better preparation for postsecondary education and careers for students by exposing them to advanced technology and expanding community and business partnerships. The program's primary measure of quality is academic and technical competency for successful entry into the student's chosen career.

Gold Award Cumberland County Schools & Fayetteville Technical CC

Cumberland County CTP is a partnership between Cumberland County Schools, Fayetteville Technical Community College, and local business and industry that increases student exploration, integrated coursework, applied learning, work-based learning, and professional development. Through a jointly funded CTP Coordinator's position, communication is facilitated between the partners who are guided by the CTP Steering Committee. Additionally, the consortium benefits from partnership with business and industry which is facilitated by a Career Development Council.

Gold Award

Asheville City Schools, Buncombe County Schools, Madison County Schools, Asheville-Buncombe Technical Community College

The Asheville-Buncombe-Madison Career Pathways Partnership utilizes marketing, professional development, and enhanced opportunities for instructors to achieve steady increases in the number of CTP completers and the number of students taking advantage of Afternoon College, Huskins classes, and distance learning opportunities. Remediation Rates through the partnership have decreased to below state average and continue to decline.
