

Correct the Spelling

By Lea Blanton
Alamance Community College

Teaching Objective

Students will sharpen their spelling skills on words in the civics (history and government) items from the redesigned naturalization test.

Overview

The following three handouts consist of twelve words per page, five of which are incorrectly spelled. Teachers may use these handouts in their instruction on the naturalization questions.

The teaching approach should be determined by the teacher. One option is to dictate a sentence--perhaps one of the naturalization test questions--that uses the word. With the dictation as a reference point, allow students to use a dictionary as needed to identify whether the word is misspelled on their handout. Go through this process one word at a time and check the students' results after each word. The following words are misspelled on the Handouts:

Handout 1

Constitution

Independence

Senators

President

Commander in Chief

Handout 2

Judicial

Governor

Citizens

Amendment

Allegiance

Handout 3

Colonists

Emancipation

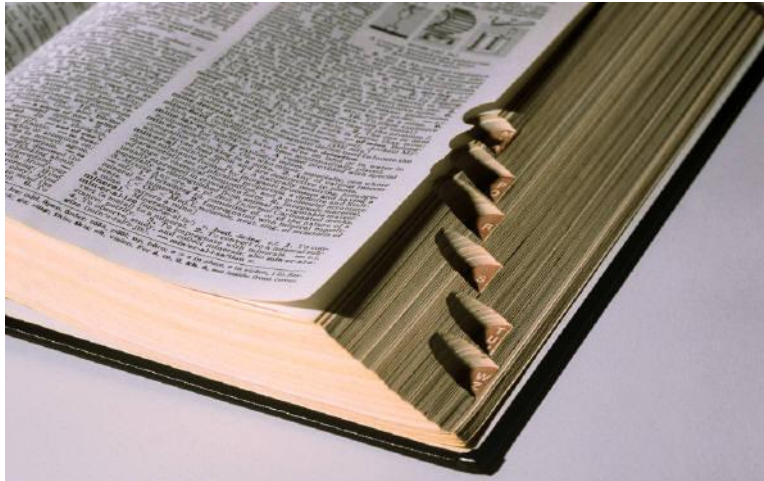

Proclamation

Allies

Mississippi

Finally, ask students to write a sentence of their own that correctly uses each of the words.

CORRECT THE SPELLING

Five words below are not spelled correctly. Write the correct spelling in the blank beside the misspelled words.

1. DEMOCRACY _____
2. CONSTITUTOIN _____
3. AMENDMENT _____
4. INDEPENDNECE _____
