Integrated Civics Handout 2

The United States Flag

The United States flag has three colors: red, white, and blue. The red color stands for courage or strength. The white color stands for truth and purity. The blue color stands for justice. Our flag has 13 stripes. Each stripe is for one of the 13 original colonies. The flag has 50 stars--one for each state. Alaska was 49th state to come into the United States. Hawaii was the last state. The 50th star for Hawaii was added on July 4, 1960. Sometimes the flag is called **The Star-Spangled Banner**. Originally, the flag had 13 only stars--one for each of the 13 colonies.
